

Intern: Product Engineer – Asset innovation

What impact will you make?

Every day, your work will make an impact that matters, while you thrive in a dynamic culture of inclusion, collaboration and high performance. As the undisputed leader in professional services, Deloitte is where you'll find unrivaled opportunities to succeed and realize your full potential

Deloitte is where you'll find unrivaled opportunities to succeed and realize your full potential.

Technology Consulting

Today, business and technology innovation are inextricably linked and the demand for technology-enabled business transformation services is rapidly growing. Deloitte's global network of technology practitioners help clients identify and solve their most critical information and technological challenges. With market-leading expertise in 17 industry segments, superior business transformation capabilities, and deep technical expertise, our global network of more than 35,000 technology practitioners create unmatched market offerings to solve our clients' toughest business issues.

- Are you a quick learner with the willingness to work with new technologies?
- Do you have an analytical mindset?

At Deloitte we deliver solutions to clients who are pioneers in the fields of technology. Here, innovative practices are designed through world class service.

Asset Innovation initiative envisions to create an Asset Treasury to bring in non-linear growth for Deloitte India's business.

Work you'll do

Professionals in the Asset Innovation group offer asset development services that provide clients with comprehensive solutions to help them better manage the critical business of information technology.

Your Prime Responsibilities

- Understanding product development lifecycle
- Translate architecture designs into code following established coding standards and guidelines
- Document the work done
- Conduct research on topics assigned
- Interact with project leads from different work locations seamlessly

Skills Required

- Programming skills with Python, JavaScript, React
- Node.JS

Intern: Product Engineer – Asset innovation

How you'll grow

At Deloitte, our professional development plan focuses on helping people at every level of their career to identify and use their strengths to do their best work every day. From entry-level employees to senior leaders, we believe there's always room to learn. We offer opportunities to help build world-class skills in addition to hands-on experience in the global, fast-changing business world. From on-the-job learning experiences to formal development programs at Deloitte University, our professionals have a variety of opportunities to continue to grow throughout their career.
